Slim Jim Phantom has secured his place as a true rock-n-roll icon. As the legendary drummer for the Stray Cats, Phantom, alongside bandmates Brian Setzer and Lee Rocker, spearheaded the neo-rockabilly movement of the early 80s. With a love for 50's Rock and Roll, the Stray Cats took inspiration from that bygone era and mixed with their youthful energy and aggression to produce the updated hard-edged rockabilly sound that saw them conquer London, Europe and later the U.S., gaining fans among the likes of Keith Richards, Mick Jagger, and Robert Plant along the way.
